Is my Registration Category 7A, EPTL, DUAL or EXEMPT?

Organizations are assigned a Registration Category upon registration with the NY Charities Bureau:

7A filers are registered to solicit contributions in New York under Article 7-A of the Executive Law ("7A")

EPTL filers are registered under the Estates, Powers & Trusts Law ("EPTL") because they hold assets and/or conduct activities for charitable purposes in NY.

DUAL filers are registered under both 7A and EPTL.

EXEMPT filers have registered with the NY Charities Bureau and meet conditions in **Schedule E - Registration Exemption for Charitable Organizations**. These organizations are not required to file annual financial reports but may do so voluntarily.

Confirm your Registration Category and learn more about NY law at www.CharitiesNYS.com.

- IRS Form 990 EZ Part I, line 21
- IRS Form 990 PF, calculate the difference between Total Assets at Fair Market Value (Part II, line 16(c)) and Total Liabilities (Part II, line 23(b)).

We have audited the accompanying consolidated financial statements of FeedMore Western New York, Inc. and Related Entity (the Organization), which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statement of activities and changes in net assets, cash flows and functional expenditures for the year then ended, and the related notes to the consolidated financial statements, (collectively, the consolidated financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of FeedMore Western New York, Inc. and Related Entity as of December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating supplementary information on pages 19 and 20, and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* on pages 21 - 23, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2021 on our consideration of FeedMore Western New York, Inc. and Related Entity's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering FeedMore Western New York, Inc. and Related Entity's internal control over financial reporting and compliance.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations: On January 1, 2020, The Food Bank of Western New York, Inc. merged with the Meals on Wheels for Western New York, Inc. and commenced operations as FeedMore Western New York, Inc. (the Organization). The Meals on Wheels Foundation of Western New York, Inc. amended its certificate of incorporation to change the corporation name to the FeedMore WNY Foundation, Inc. The separate organizations merged together to leverage and integrate their respective programs with the goal of serving as a comprehensive hunger relief organization. As a merged organization, FeedMore can more efficiently and effectively fulfill the overarching shared charitable objective of alleviating hunger in the Western New York community.

The Organization is as a not-for-profit organization in Western New York dedicated to obtaining nutritious food and support from public and private sources and efficiently distributing these resources to the hungry in Western New York through its member agencies. The Organization solicits donations of surplus food and grocery items from the food industry, public and private sources, and distributes these products to qualified 501(c)(3) charities. The food is obtained from various donors based in Western New York, national donors through an affiliation with Feeding America, and the United States Department of Agriculture (USDA). The Organization also distributes purchased food with funds from private contributions, private foundations and government grants, and respectfully provides food, training, education and hunger advocacy for its member agencies and clients. The Organization also provides the delivery of nutritious meals to home-bound elderly and disabled persons in the community.

FeedMore WNY Foundation, Inc. (the Foundation), an entity influenced by the Organization, is a public charity under Section 170(b)(1)(a)(vi) whose purpose is to raise, hold and invest funds for the Organization and other beneficiary organizations involved in the promotion of nutritious meals to home-bound individuals and the solicitation, collection, and storage of food products and the distribution of food products to feed people in need.

In accordance with ASC 958, the Organization accounted for the business combination as a merger. Accordingly, the carrying value of the combined assets and liabilities of the Food Bank of Western New York, Inc. and Meals on Wheels for Western New York, Inc. were recorded as the beginning net asset balance in the accompanying consolidated statement of activities and changes in net assets.

Principles of Consolidation: The consolidated financial statements include the accounts of FeedMore Western New York, Inc. and FeedMore Foundation of WNY, Inc. (collectively, the Organization). All significant intercompany balances and transactions have been eliminated in consolidation.

Basis of Presentation: The consolidated financial statements have been prepared on the accrual basis of accounting.

Accounting for Contributions Received and Contributions Made: In accordance with generally accepted accounting principles in the United States of America (U.S. GAAP), the Organization recognizes contributions received as income and contributions made as expenses. The Organization recognizes all contributions received as income in the period received. All contributions are considered to be available for use without restriction unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as increases to net assets with donor restrictions. When a restriction is fulfilled, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as without donor restrictions. The Organization recognizes contributions made as expenses in the period pledged or distributed.

Revenue Recognition: Support received under Federal, New York State and County grants is recorded as revenue when the related costs are incurred. Included in grants and accounts receivable on the consolidated statements of financial position is \$3,100,708 which represents amounts due to the Organization for reimbursement of costs incurred prior to the end of the year. There was \$534,444 received in advance classified as refundable advances related to grant revenue at December 31, 2020.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Shared Maintenance Fees: Through membership agreements, nonprofit agencies agree to share the cost of operations by contributing up to fourteen cents for each pound of donated product they receive. The Organization will not stop supplying an organization, which provides emergency relief, for failure to contribute to shared maintenance.

Program Reimbursement Fees: The Organization receives reimbursements under Federal, State, County and private grants for a portion of the costs incurred in receiving, storing and distributing purchased and USDA food products.

Donated and In-Kind Services: Contributed services and goods were received by the Organization and have been reflected as in-kind contributions and corresponding expenses in the accompanying statement of activities and changes in net assets in accordance with current accounting standards. Additionally, a number of unpaid volunteers have made contributions of their time to develop and participate in the Organization's program. No accounting recognition is made for the fair market value of services provided by volunteer personnel as no objective basis is available to measure the value of such services.

Inventory: One of the primary functions of the Organization is the collection and distribution of food and grocery items. The majority of the Organization's inventory consisted of donated food. The remainder of inventory not received through in-kind donations is purchased. The inventory is valued as follows:

Donated food and grocery items: The donated inventory is valued utilizing the Feeding America Product Valuation Survey. This survey helps the Organization determine the approximate wholesale value of one pound of donated product at the national level.

Purchased inventory: The purchased inventory is valued at the lower of cost or market on a first-in, first-out basis (FIFO). The Organization evaluated inventory levels and expected usage on a periodic basis and records valuation allowances as require.

Income Tax Status: The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, no provision for federal or state income taxes has been reflected in the consolidated financial statements.

U.S. GAAP provides guidance on the financial statement recognition and measurement for income tax positions that the Organization has taken or expects to take. Corporations take many tax positions relative to tax laws, including those taken in determining whether the tax is due, a refund is owed, a tax return needs to be filed, or the characterization of income as taxable (for example, unrelated business income) or nontaxable. The Organization has not recorded any liabilities relating to uncertain tax positions.

The Organization files its Return of Organization Exempt from Income Tax in the U.S. federal jurisdiction and its Annual Filing of Charitable Organizations in New York State.

Accounting Estimates: The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the consolidated financial statements. Accordingly, actual results may differ from estimated amounts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents: The Organization maintains its cash in bank deposit and money market accounts which, at times, may exceed federally insured limits at several of its banks. The Organization has not experienced any losses in such accounts. The Organization believes it is not exposed to any significant credit risk with regards to its cash and cash equivalents. The Organization considers financial instruments with original maturities of three months or less to be cash equivalents.

In accordance with certain grant agreements, the Organization is required to hold cash in a separate bank account. The Organization has complied with this requirement for the year end December 31, 2020.

Pledges Receivable: Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value which approximates fair value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. Conditional promises to give are not included as support until such time as the conditions are substantially satisfied. The discounts on those amounts are computed using a risk-adjusted interest rate applicable to the date of pledge. Amortization of the discount is included in contribution revenue. Management's estimate of an allowance for uncollectible pledges is based on historical collection rates and an analysis of the collectability of individual promises. Management determined that no allowance related to pledges receivable was necessary at December 31, 2020.

Grants and Accounts Receivable: Accounts receivable are carried at amount invoiced or amounts due from grantors on cost reimbursement grants. Balances outstanding longer than 30 days are considered past due. The accounts receivable are reviewed periodically to determine the need for an allowance. Management has determined that an allowance of \$139,537 related to accounts receivable was necessary at December 31, 2020.

Land, Building and Equipment: Land, building, vehicles and equipment are recorded at cost and depreciated using the straight-line method over the assets' estimated useful lives. Routine repairs and maintenance costs are expensed as incurred.

Accounting principles generally accepted in the United States of America require that long-lived assets and certain identifiable intangibles held and used by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. There was no impairment noted for the years ended December 31, 2020.

Advertising: The Organization follows the policy of charging the costs of advertising to expense as incurred. Advertising expense amounted to \$15,597 for the year ended December 31, 2020.

Self Insurance: The Organization was a member of a self-funded workers compensation insurance trust through April 2010. The Organization remains subject to potential future liabilities related to workers compensation claims. As of December 31, 2020, there were no known claims for which the Organization is liable.

Concentration of Risk: The Organization maintains its excess cash primarily in savings and checking accounts at several financial institutions. Although certain cash accounts exceed the federally insured deposit amount, management does not anticipate nonperformance by the financial institutions and reviews their performance periodically.

The Organization's investments are subject to various risks, such as interest rate, credit, and overall market volatility risks. Further, because of the significance of the investments to the Organization's financial position and the level of risk inherent in most investments, it is reasonably possible that changes in the values of these investments could occur in the near term and such changes could materially affect the amounts reported in the financial statements. Management is of the opinion that the diversification of its invested assets among the various asset classes should mitigate the impact of changes in any one class.

**FEEDMORE WESTERN NEW YORK, INC.
AND RELATED ENTITY**

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Organization relies on one company for meal preparation. Management does not anticipate nonperformance by the company.

The Organization receives approximately 30% of its revenues and other support from federal, state and county sources, including client contributions under the home delivered meals program, and the loss of any one of these sources could have a material adverse effect on the Organization. The Organization has two separate agreements (the Agreements) with the Erie County Department of Senior Services (the County) to provide home delivered meals and congregate meals, respectively. The Agreements are each for a term of three years, terminating on December 31, 2021, subject to annual appropriation. The County in its sole discretion may extend the Agreements beyond their initial terms for up to two additional one-year periods subject to the terms of Agreements.

Net Assets: The consolidated financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Net Assets Without Donor Restrictions: Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting for the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net Assets With Donor Restrictions: Net assets with donor restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the Organization must continue to use the resources in accordance with the donor's instructions.

The Organization's unspent contributions are included in this class if the donor limited their use, as are its donor-restricted endowment funds.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the consolidated financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions. Net assets restricted for acquisition of buildings or equipment (or less commonly, the contribution of those assets directly) are reported as net assets with donor restrictions until the specified asset is placed in service by the Organization, unless the donor provides more specific directions about the period of its use.

Classification of Transactions: All revenues and net gains are reported as increases in net assets without donor restrictions in the consolidated statement of activities and changes in net assets unless the donor specified the use of the related resources for a particular purpose or in a future period. All expenses and net losses other than losses on endowment investments are reported as decreases in net assets without donor restrictions. Net gains on endowment investments increase net assets with donor restrictions, and net losses on endowment investments reduce that net asset class.

Expense recognition and allocation: The consolidated financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include depreciation, repairs and maintenance, occupancy, and other administrative which are allocated by percentage of salary, as well as salaries and benefits, which are allocated on the basis of estimates of time and effort. Every year the basis on which costs are allocated are evaluated.

Management and general expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Organization.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fundraising costs are expensed as incurred, even though they may result in contributions received in future years. The Organization generally does not conduct its fundraising activities in conjunction with its other activities. In the few cases in which it does, such as when the newsletter, annual report or donor acknowledgements contain requests for contributions, joint costs have been allocated between fundraising and management and general expenses in accordance with standards for accounting for costs of activities that include fundraising.

Recently Issued Accounting Pronouncements: In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which requires a not-for-profit entity to present contributed nonfinancial assets in the statement of activities as a line item that is separate from contributions of cash or other financial assets. ASU 2020-07 also requires additional qualitative and quantitative disclosures about contributed nonfinancial assets received, disaggregated by category. This guidance is effective for fiscal years beginning after June 15, 2021. The Organization is currently evaluating the impact of this new guidance on its consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the consolidated statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the consolidated statement of activities. The new standard is effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the consolidated financial statements, with certain practical expedients available. The Organization is currently evaluating the impact the adoption of this new standard will have on its consolidated financial statements.

Subsequent Events: These financial statements have not been updated for subsequent events occurring after June 29, 2021, which is the date these financial statements were available to be issued.

NOTE 5. INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standard Codification* (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three Levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**FEEDMORE WESTERN NEW YORK, INC.
AND RELATED ENTITY**

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 5. INVESTMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used at December 31, 2020:

Mutual Funds and Exchange Traded Funds (ETFs): Valued at the closing price reported on the active market on which the individual securities are traded. These investments are classified as Level 1 investments.

Corporate Equity Securities: Valued at closing price reported on the active market on which the individual securities are traded. Equity securities are classified as Level 1 investments.

Money Market Funds: A Money Market Fund is a public investment vehicle valued using \$1 for the NAV. Money market funds are classified as level 1 investments.

Corporate Bonds and Notes: Valued based on yields currently available on comparable securities of issuers with similar credit ratings. Corporate bonds and notes are classified as level 2 investments.

U.S. Treasury and Agency Bonds: Valued at the closing price reported on the active market on which the individual securities are traded. U.S. treasury and agency bonds are classified as level 1 investments.

Investments are carried at fair value. Net realized and unrealized gains which are reported in the consolidated statement of activities and changes in net assets for the year ended December 31, 2020 amounted to \$1,203,816. The Organization has measured its investments at fair value on a recurring basis.

The forgiveness amount will be reduced if the borrower terminates employees or reduces salaries during the covered period. Any unforgiven portion of a PPP loan is payable over two or five years at an interest rate of 1%, with a deferral of payments for 10 months after the end of the covered period.
